Design & Technology	<p>Use research for design ideas. Design considers the purpose of the object. Develop a clear idea of what has to be done, planning how to use materials, equipment and processes, and suggesting alternative methods of making. Use suitable tools and equipment. Select appropriate materials. Evaluate a product. Begin to explain how they could improve original design.</p>	<p>Torches Know the features of a torch: case, contacts, batteries, switch, reflector, lamp and lens. Know facts from the history and invention of the electric light bulb(s) - Understand that electrical conductors are materials which electricity can pass through. Understand: that electrical insulators are materials which electricity cannot pass through; that a battery contains stored electricity that can be used to power products; that an electrical circuit must be complete for electricity to flow; that a switch can be used to complete and break an electrical circuit. Use a simple circuit in their product - Torches.</p>
Physical Education	<p>Basketball Play games with some fluency and accuracy, using a range of throwing and catching techniques. Look for space, team- mate to pass the ball. Shooting: Palm facing up (creating a nest for the ball). Extend elbow, following through in direction of target.</p> <p>Athletics Using exercise to change our body e.g. heart rate. Throwing for distance. Ways to perform take off and landings. Apply athletic techniques.</p> <p>Tennis Demonstrate correct technique for forehand and backhand. Swing and follow through. Using the ready position in a game. Directing the ball to move the opponent.</p>	<p>Basketball Use a variety of simple tactics for attacking well, keeping possession of the ball as a team, and getting into positions to score. Understand that they need to defend as well as attack. Watch and describe others' performances, and suggest practices that will help them and others to play better. No travelling (a maximum of two steps between each bounce of the ball).</p> <p>Athletics Understand how to warm up. What can you do to maximise the distance thrown? Throw different objects for accuracy. How to use arms and legs to generate power.</p> <p>Tennis Understanding court position. Which hand should go at the bottom of the racket? Which side of the body do you hit a backhand from? How will you align your body to help you hit in a certain direction?</p>
Music	<p>Texture: select and combine sounds to create a particular mood or effect. Pitch: explore the pentatonic scale in simple melodic pieces and compositions. Structure: begin to aurally recognise the use of scales (major/minor/pentatonic) and note their effect. Structure: recognise the structure of a piece of music (e.g. canon, round, verse / chorus). Structure: continue to analyse aurally the melodic/rhythmic structure of a simple song or piece, noting repetition or changes and devices like drone / ostinato etc. Structure: improvise/compose pieces and accompaniments using given structures and devices.</p>	<p>Texture: Sounds can be layered in different ways to make harmony and create a particular mood/effect. Pitch: Melodies are constructed using pitched patterns called scales. Structure: Musical ideas can be improvised, fixed and organised in different ways - composition.</p>
